

BEST IN BREED FIELD REPORTING

By streamlining the daily reporting workflow, Raken has done more than just save superintendents time - we've perfected field reporting. Raken's suite of features ensure that you're getting complete, accurate updates from the field so you can keep your finger on the pulse of your jobsites at all times.

DASHBOARDS

The activity dashboard is a real-time newsfeed of captured events from every jobsite. Just scroll through the dashboard to get the picture of what's happening that day on all your sites, or head right into a more detailed view for more specific information.

INSIGHTS

The insights dashboard breaks down daily report data into actionable insights you can use to manage your resources and spot trends that will help you grow your firm. See long-term trends in hours and manpower, incidents, safety, open tasks, and more.

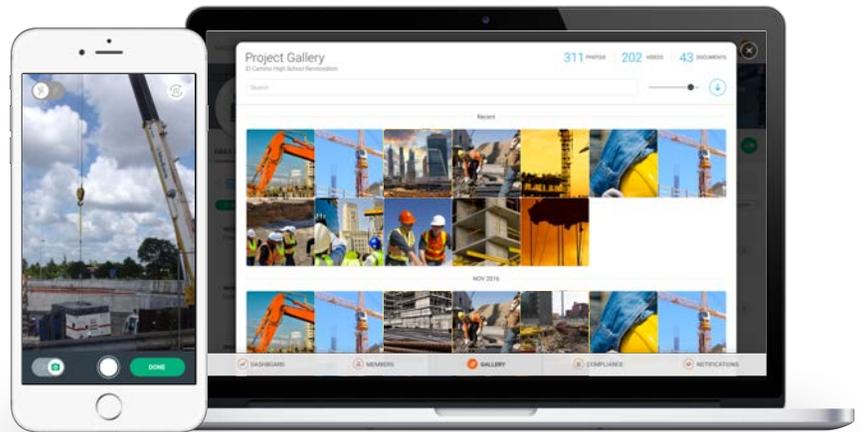

MANPOWER REPORTS

Take the guesswork out of your labor budget with the manpower report - Raken tracks how many workers were on site each day and how long they were there. We even collect the data from your subcontractors, pulling all the information into one source.

Date	Demo Construction, Inc. Field	Electric	Field	Flooring	Framing/Drywall	TOTAL

PHOTO MANAGEMENT

View, manage, and download photos from every site on any device, which means no more emailing or texting photos back and forth.

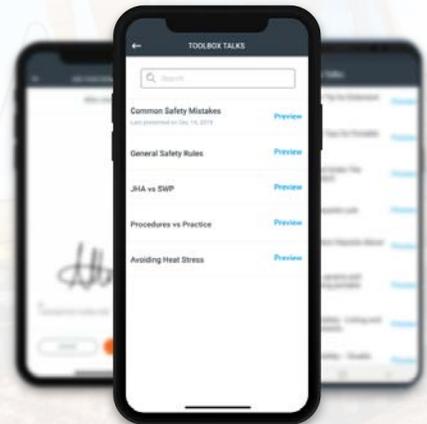

TASKS

With Raken you can manage, create, and assign tasks for your team members and subcontractors. Tasks are synced across devices to make sure the important work actually gets done.

TOOLBOX TALKS

Bulk schedule talks for all of your projects, capture signatures via the app or with a photo and browse a library of talks. You can even check compliance by searching for a particular talk, date, or a worker's attendance by signature.

"The app has been an asset on multiple projects. The ease of use has helped us streamline the daily reporting process."

- Dino Romero, Pacific Inc.

"Raken is easy, fast, and you can go back and look at any report with a touch of your finger. Wish I had thought if all those years of writing them out or doing them on the computer."

- Charles Smith, Scott and Reid

"Raken is by far the greatest daily report app that you can use in the field on your smartphone. Very easy to use."

- Jeffrey Litvak, Balfour Beatty
